Fremont, CA 94538, USA

To whom it may concern:

vPRP 5500 and ePRP 4500 model difference letter

The vPRP 5500 has a larger printer paper size and increased paper draw, including enclosure to accommodate this but is otherwise identical to the ePRP 4500. The main PCBA and all other functions are the same. The EUT model vPRP 5500 was chosen as representing the worst case scenario. This statement is also mentioned in Report No. 15U20046-E2 section 5.2 page 7, dated 10th March 2015.

Sincerely Yours,

Diljit Singh Matharu
